

# Claremont After School Program

## Mission Statement

The mission of Claremont Neighborhood Centers, Inc. is to provide innovative afternoon/evening and weekend recreational and educational programs to area youth through evidence based models. It is also dedicated to providing day care services in order to meet the child care needs of working parents in the community. CNC is confident that with effective delivery of these services we can encourage them to be proactive in becoming positive constituents in their communities -- helping them to also improve their socio-economic status and improve physical health. In addition we hope to foster collaborative working environments which will help them develop or improve social skills and increase academic performance and achievement.

Claremont has been an anchor in the Claremont/Morrisania section of the Bronx since 1965 serving area youth and adults. We invite you to peruse our website and discover how we can be of assistance to you in this community and beyond. Our services include daycare, afterschool programs, a father's program and many other services vital to the improvement of the community we so proudly serve. So, step inside and take a virtual tour of Claremont. Claremont Neighborhood Centers, Inc. is a member of United Neighborhood Houses of New York. Claremont Neighborhood Centers, Inc. is a Better Business Bureau Accredited Charity."
